

**Competency/Skills Self-Appraisal: Physician Assistant**

Name \_\_\_\_\_

Date \_\_\_\_\_

3= Very Competent > 1yr Exp.

Please check the column that applies to your skill level:

2=Some Help needed <1 yr. Exp. 1=Need Direction <6 months Exp. 0=Never Done

SKILLS	3	2	1	0	SKILLS	3	2	1	0
▪ BCLS Expires: _____					▪ Corporate worksite				
▪ ACLS Expires: _____					▪ Occupational health				
▪ PALS Expires: _____					▪ Long term care facility				
▪ PA Expires: _____					▪ Women's Health Clinic				
▪ PA-C Expires: _____					▪ Government Health Agency				
▪ RPA Expires: _____					<b>4. GENERAL SKILLS:</b>				
▪ RPA-C Expires: _____					▪ Public health and health promotion				
▪ Other Certification (specify): _____					▪ Research				
▪ Computerized Charting System (specify) _____					▪ Quality assurance				
▪ Medication Administration System (specify) _____					▪ Leadership				
<b>1. AGE SPECIFIC PRACTICE CRITERIA:</b>					▪ Teaching skills/health education				
▪ Newborn/Neonate (birth to 30 days)					▪ Legal and ethical issues				
▪ Infant ( 30 days to 1 year)					▪ Confidentiality of Information/HIPAA				
▪ Toddler (1 -3 years)					▪ Cultural awareness				
▪ Preschooler (3-5 years)					▪ In-services/continuing education				
▪ School Age Children ( 5-12 years)					▪ Discharge planning and collaboration				
▪ Adolescent (12-18 years)					▪ OSHA				
▪ Young Adults (18-39 years)					▪ Medicare				
▪ Middle Adults (39-64 years)					▪ Medicaid				
▪ Geriatric (64 +)					▪ HEDIS				
<b>2. EXPERIENCE WITH AGE GROUPS:</b>					▪ DQIP				
▪ Able to adapt care to incorporate normal growth and development					▪ JCAHO – National Patient Safety Guidelines				
▪ Able to adapt method and terminology of patient instructions to their age, comprehension and maturity level					▪ Performing physical exams/history				
▪ Ensures safe environment reflecting specific needs of various age groups					▪ Ordering appropriate lab studies				
<b>3. EXPERIENCE IN SETTINGS:</b>					▪ Ordering appropriate diagnostic studies				
▪ Emergency					▪ Interpreting lab and diagnostic studies				
▪ Urgent Care					▪ Formulating diagnosis				
▪ Private practice					▪ Universal Precautions/Infection Control Procedures				
▪ HMO					▪ Sterile/aseptic technique				
▪ MD Office (specialty): _____					▪ Advance directives				
▪ School System					▪ Informed consent				
▪ Health Department					▪ Surgical principles				
▪ Ambulatory Clinic					▪ Wound healing				
▪ Rural health clinic					▪ Counseling and patient education				
▪ Psychiatric facility					▪ Selection of appropriate pharmacologic therapy				
▪ Corrections					▪ Immunization schedules for infants, children, adults				
▪ Mobile Medical Unit					▪ Indication for admission to hospital or other facility				

## Competency/Skills Self-Appraisal: Physician Assistant

Please check the column that applies to your skill level:

3= Very Competent > 1yr Exp. 2=Some Help needed <1 yr. Exp. 1=Need Direction <6 months Exp. 0=Never Done

SKILLS	3	2	1	0	SKILLS	3	2	1	0
<b>4. GENERAL SKILLS CONTINUED:</b>					▪ Quinton				
▪ Condition that constitute medical emergency					▪ CVP readings				
▪ Disease and disability prevention					▪ Drains (Hemovacs, Jackson-Pratt, Penrose, etc.)				
▪ Periodic health screenings					▪ Dressing Changes				
▪ Age specific health maintenance guidelines					<b>5. PATIENT TEACHING:</b>				
▪ Principles of growth and development					▪ Pre and post operative teaching				
▪ Admission/Transfer/Discharge					▪ Diabetic teaching				
▪ Charting/Documentation/Consents/Care Plans					▪ Other patient teaching				
▪ Restraint Application/Procedures/Safety					▪ Family teaching				
▪ Ordering Medications and Supplies					<b>6. PULMONARY SYSTEM:</b>				
▪ Drug Administration/Unit Dose System					Care of Airway Management Devices/Suctioning				
▪ Specimen Collection					▪ Endotracheal tube/suctioning				
▪ Bathing and Skin Care/Oral Care/Peri Care					▪ Nasal airway/suctioning				
▪ Post Mortem Care and Arrangements					▪ Oropharyngeal/suctioning				
▪ Isolation Criteria/Methods					▪ Sputum specimen collection				
▪ Routine Pre-Op & Post-Op Care					▪ Tracheostomy/suctioning				
▪ Anesthetic Types and Complications					▪ Assist with intubation				
▪ Patient positioning, Ambulation and ROM					▪ Care of vent patient				
▪ Auscultation/Interpretation Breath & Heart Sounds					Care of Chest Tube				
▪ Doppler					▪ Assist with setup and insertion				
▪ Pulses/Circulation Checks					▪ Measuring and emptying				
▪ Blood Pressure – noninvasive					▪ Tube removal				
▪ Placing/Maintaining/ Patient on Telemetry					▪ Use of Pleurevac or Thoraclex				
▪ Running & Mounting Rhythm Strips					▪ Use of water seal or drainage system				
▪ Basic arrhythmia interpretation					▪ O2 Therapy and Medication Delivery Systems - Ambu bag and mask				
▪ Basic 12 lead Interpretation					▪ ET tube				
▪ Lead Placement					▪ External CPAP				
▪ Pacemaker - Permanent					▪ Face masks				
▪ Pacemaker – temporary					▪ Inhalers				
▪ Pulse Oximetry					▪ Nasal cannula				
▪ IV Pump set up					▪ Portable O2 Tank				
▪ Drawing blood from central line					▪ Trach collar				
▪ Drawing venous blood					▪ Oximetry				
▪ IV Starts					▪ Chest physiotherapy				
▪ Angiocath					▪ Incentive spirometry				
▪ Butterfly					Care of patient with:				
▪ Heparin Lock					▪ Acute Laryngotracheobronchitis (Viral croup)				
▪ Administration of blood/blood products – Whole blood					▪ Acute Tracheobronchitis				
▪ Albumin/plasma					▪ Acute Bronchitis				
▪ Packed Red Blood Cells					▪ Acute Bronchiolitis				
▪ Cryoprecipitate					▪ ARDS				
▪ Peripheral Line dressings					▪ Asthma				
▪ Central line/catheter dressing					▪ Bronchiectasis				
▪ Broviac					▪ Bronchogenic carcinoma				
▪ Groshong					▪ Bronchoscopy				
▪ Hickman					▪ Carcinoid tumors				
▪ Portacath					▪ COPD				

## Competency/Skills Self-Appraisal: Physician Assistant

Please check the column that applies to your skill level:

3= Very Competent > 1yr Exp. 2=Some Help needed <1 yr. Exp. 1=Need Direction <6 months Exp. 0=Never Done

SKILLS	3	2	1	0	SKILLS	3	2	1	0
<b>6. PULMONARY SYSTEM CONTINUED:</b>					Cardiomyopathy				
▪ Cor pulmonale					▪ Dilated				
▪ Emphysema					▪ Hypertrophic				
▪ Endocarditis					▪ Restrictive				
▪ Epiglottitis					▪ Carotid Endarterectomy				
▪ Fresh Tracheostomy					Conductive disorders				
▪ Hyaline membrane disease					▪ Atrial fibrillation/flutter				
▪ Idiopathic pulmonary fibrosis					▪ Atrioventricular block				
▪ Influenza					▪ Bundle branch block				
▪ Lobectomy					▪ Paroxysmal Supraventricular tachycardia				
▪ Lung Resection					▪ Premature beats				
▪ Metastatic tumors					▪ Ventricular tachycardia				
▪ Pertussis					▪ Ventricular fibrillation/flutter				
▪ Plural effusion					Congenital heart disease				
Pneumothorax					▪ Atrial septal defect				
▪ Primary					▪ Patent ductus arteriosus				
▪ Secondary					▪ Tetralogy of Fallot				
▪ Traumatic					▪ Ventricular septal defect				
▪ Tension					▪ Congestive Heart Failure (CHF)				
▪ Pneumonectomy					▪ Coronary artery disease				
Pneumonia					▪ Endocarditis				
▪ Bacterial					▪ Femoral-popliteal bypass				
▪ Viral					▪ Giant cell arthritis				
▪ Fungal					Hypertension				
▪ HIV related					▪ Pediatric				
▪ Respiratory syncytial virus					▪ Essential				
▪ Infection					▪ Secondary				
▪ Tuberculosis					▪ Malignant				
▪ Pulmonary Edema					▪ Innocent/Functional murmurs				
▪ Pulmonary Embolism					▪ Hypotension/orthostatic/postural				
▪ Pulmonary hypertension					▪ Mitral Stenosis/insufficiency				
▪ Pulmonary Nodules					▪ Mitral valve prolapse				
▪ Sarcoidosis					▪ Myocarditis				
▪ Thoracotomy					▪ Acute Myocardial Infarction				
▪ Tuberculosis					▪ Pericardial effusion				
<b>7. CARDIOVASCULAR SYSTEM</b>					▪ Pericarditis				
▪ Abdominal aortic bypass					▪ Peripheral vascular disease				
▪ Aneurysm					▪ Post angioplasty				
▪ Angina – stable and unstable/Prinzmetal's variant					▪ Post cardiac cath				
▪ Aortic Aneurysm					▪ Post cardiac surgery				
▪ Arterial Disease					▪ Pulmonary Stenosis/insufficiency				
▪ Arterial Embolism					▪ Rheumatic fever				
▪ Acute arterial occlusion					▪ Post open heart surgery				
▪ ASHD					▪ Stasis ulcer of lower extremity				
▪ Cardiac Arrest					▪ Thrombophlebitis				
▪ Cardiac tamponade					▪ Tricuspid Stenosis/insufficiency				
▪ Cardiogenic Shock					▪ Venous thrombosis				

## Competency/Skills Self-Appraisal: Physician Assistant

Please check the column that applies to your skill level:

3= Very Competent > 1yr Exp. 2=Some Help needed <1 yr. Exp. 1=Need Direction <6 months Exp. 0=Never Done

SKILLS	3	2	1	0	SKILLS	3	2	1	0
<b>7. CARDIOVASCULAR CONTINUED:</b>					▪ Tension Headache				
▪ Varicose veins					▪ Transient ischemic attack				
<b>8. NEUROLOGICAL SYSTEM</b>					▪ Trigeminal neuralgia				
▪ Neurological assessment – cerebellar function/cranial nerves/level of consciousness/pathologic reflexes					▪ Vasovagal syncope				
▪ Glasgow coma scale					<b>9. ORTHOPEDICS</b>				
▪ Assist with lumbar puncture					▪ Assessment of orthopedic patient – Circulation checks				
▪ Use of hyper/hypothermia blanket					▪ Gait				
Care of patient with:					▪ Range of motion				
▪ Alzheimer's Disease					▪ Skin				
▪ Aneurysm precautions					▪ Continuous passive motion devices				
▪ Basal skull fracture					▪ Trans Epidermal Nerve Stimulator (TENS)				
▪ Bell's palsy					▪ Support devices – cane				
▪ Cerebral aneurysm					▪ Cervical Collar				
▪ Cerebral Palsy					▪ Gait belt				
▪ Closed head injury					▪ Prosthetic				
▪ Cluster headaches					▪ Sling				
▪ Coma					▪ Transfer boards				
▪ Cerebral Vascular Accident (CVA)					▪ Walker				
▪ Dementia/Alzheimer's Disease					▪ Wheelchair				
▪ Diabetic peripheral neuropathy					▪ Traction				
▪ Dizziness					Care of patient with:				
▪ DT's					▪ Amputation				
▪ Encephalitis					▪ Arthroscopic surgery				
▪ Essential tremor					▪ Aseptic necrosis of hip				
▪ External VP shunts					▪ Back strain/pain				
▪ Gullian-Barre Syndrome					▪ Bone cysts and tumors				
▪ Halo Traction/ Crutchfield Tongs					▪ Carpal tunnel syndrome				
▪ Head injury					▪ Cast				
▪ Huntington's Disease					▪ Cauda equina				
▪ Meningitis					▪ Collateral ligament knee sprain				
▪ Migraine headache					▪ De Quervain's tenosynovitis				
▪ Multiple Sclerosis					▪ Epicondylitis				
▪ Myasthenia gravis					▪ Fibromyalgia				
▪ Neuromuscular disease					Forearm/wrist/hand disorders				
▪ Paralysis					▪ Fractures/dislocations				
▪ Parkinson's Disease					▪ Boxers				
▪ Post craniotomy					▪ Colles				
▪ Post Head Injury (Concussion)					▪ Gamekeepers thumb				
▪ Post Myelgram					▪ Humeral				
Seizure Disorders					▪ Nursemaids elbow				
▪ Generalized convulsive disorder					▪ Scaphoid				
▪ Generalized non-convulsive					▪ Sprain/strain				
▪ Status epilepticus					▪ Fracture complications – fat embolus				
▪ Seizure precautions					▪ Ganglion cysts				
▪ Spinal Cord Injury					▪ Gout				
▪ Stroke					▪ Juvenile rheumatoid arthritis				
▪ Temporal arteritis					▪ Joint problems				

## Competency/Skills Self-Appraisal: Physician Assistant

Please check the column that applies to your skill level:

3= Very Competent > 1yr Exp. 2=Some Help needed <1 yr. Exp. 1=Need Direction <6 months Exp. 0=Never Done

SKILLS	3	2	1	0	SKILLS	3	2	1	0
<b>9. ORTHOPEDICS CONTINUED:</b>					▪ Feeding pump				
▪ Lumbar laminectomy					▪ Gravity feeding				
▪ Lumbosacral strain					▪ Saline lavage				
▪ Meniscal injuries					▪ Flexible feeding tube – (Corpak,Dobhoff)				
▪ Minor Ankle Sprain					▪ Management of Gastrostomy tube				
▪ Minor strains and sprains					▪ Jejunostomy tube				
▪ Muscular dystrophy					▪ T-tube				
▪ Musculoskeletal chest pain					▪ Placement of nasogastric tube				
▪ Nonspecific musculoskeletal pain					▪ NG Medication Administration				
▪ Open/closed reductions					▪ Salem Sump to suction				
▪ Osgood-Schlatter disease					▪ Colostomy care/Pouch systems				
▪ Osteoarthritis					▪ Gastric Decompression/Levin tube/Gomco				
▪ Osteomyelitis					Care of patient with:				
▪ Osteoporosis					▪ Acute gastroenteritis				
▪ Osteosarcoma					▪ Aerophagis				
▪ Pinned fractures					▪ Anal fissure				
▪ Polyarthritis nodosa					▪ Anorectal abscess/fistula				
▪ Polymyositis					▪ Appendicitis				
▪ Positioning of patient – lumbar laminectomy					▪ Bowel obstruction				
▪ Positioning of patient – hip replacement					▪ Bowel resection				
▪ Pseudo gout					▪ Duodenal peptic ulcer disease				
Rheumatoid conditions					▪ Cholelithiasis				
▪ Polymyalgia rheumatica					▪ Cholecystitis				
▪ Reiter's syndrome					▪ Colic				
▪ Rheumatoid arthritis					▪ Colostomy				
▪ Systemic lupus erythematosus					▪ Constipation				
▪ Sjogten's syndrome					▪ Diarrhea				
▪ Scoliosis					▪ Infectious diarrhea – vitamin deficiencies				
▪ Septic arthritis					▪ Diverticular disease				
Shoulder disorders					▪ Esophagitis				
▪ Dislocation/fracture					▪ Enemas/suppositories/fecal impactation				
▪ Rotator cuff disorders					▪ Gastro esophageal reflux disease				
▪ Separations					▪ Gastritis				
▪ Sprain/strains					▪ GI Bleeding				
▪ Slipped capital femoral epiphysis					▪ GI Surgery				
▪ Spinal Stenosis					▪ Hemorrhoids				
▪ Splints					▪ Hepatitis				
▪ Sports Injuries					▪ Hiatal hernia with esophagitis				
▪ Tendonitis/Bursitis					▪ Ileostomy				
▪ Total hip replacement					▪ Inflammatory bowel disease				
▪ Total knee replacement					▪ Inguinal hernia				
<b>10. GASTROINTESTINAL SYSTEM:</b>					▪ Invasive diagnostic testing				
▪ Assessment of GI patient - abdominal/bowel sounds					▪ Irritable bowel syndrome				
▪ Fluid balance					▪ Ischemic bowel syndrome				
▪ Nutritional requirements					▪ Liver failure				
▪ Interpretation of blood chemistry					▪ Mallory-Weiss tear				
▪ Administration of tube feeding					▪ Neoplasms				

## Competency/Skills Self-Appraisal: Physician Assistant

Please check the column that applies to your skill level:

3= Very Competent > 1yr Exp. 2=Some Help needed <1 yr. Exp. 1=Need Direction <6 months Exp. 0=Never Done

SKILLS	3	2	1	0	SKILLS	3	2	1	0
<b>10. GASTROINTESTINAL SYSTEM CONTINUED:</b>					▪ Peritoneal Dialysis				
▪ Pancreatitis					▪ Polycystic kidney disease				
▪ Paralytic ileus					▪ Post renal surgery				
▪ Pyloric Stenosis					▪ Prostatitis				
▪ Strictures					▪ Pyelonephritis				
▪ Toxic mega colon					▪ Renal failure				
▪ Varices of esophagus					▪ Renal Transplant				
<b>11. RENAL/GENITOURINARY SYSTEM:</b>					▪ Straining urine				
▪ Renal/Genitourinary assessment					▪ Syphilis				
▪ AV fistula/shunt					▪ Testicular torsion				
▪ Fluid and electrolyte balance					▪ TURP				
▪ Interpretation of BUN and creatinine					▪ Urethritis				
▪ Insertion and care of straight and Foley catheter – male and female					▪ Urinary diversion/ileal conduit Nephrostomy				
▪ Catheter care – 3 way Foley					▪ Urinary tract infection				
▪ Catheter care – supra-pubic					▪ Wilm's tumor				
▪ Bladder irrigations – continuous					<b>12. ENDOCRINE/METABOLIC SYSTEMS:</b>				
▪ Bladder irrigation – intermittent					▪ Metabolic assessment				
▪ Specimen collection – routine					▪ S/S diabetic coma				
▪ Specimen collection – 24 hour					▪ S/S insulin reaction				
▪ Nephrostomy tube care					▪ Interpretation of blood glucose results				
Care of patient with:					▪ Use of electronic blood glucose monitoring device				
▪ Alkalosis/acidosis – metabolic and respiratory					▪ Use of visual blood glucose strips				
▪ A&P Repair					▪ Performing finger stick				
▪ Benign prostatic hyperplasia					▪ Indwelling insulin pump				
▪ Carcinoma – bladder/prostate/renal cell/testicular					▪ Recognizing diabetic complications/emergencies				
▪ Chlamydisis					Care of patient with:				
▪ Condyloma Acuminatum					▪ Addison's Disease				
▪ Cystitis					▪ Corticoadrenal insufficiency				
▪ Cryptorchidism					▪ Cushing's Syndrome				
▪ Enuresis					▪ Diabetes- juvenile				
▪ Erectile dysfunction					▪ Diabetes insipidus				
▪ Gonococcal Infections					▪ Diabetes mellitus				
▪ Hemodialysis					▪ Dwarfism				
▪ Herpes Genitalis					▪ Gigantism				
▪ Hypo/hypermnatremia					▪ Grave's Disease				
▪ Hypo/hyperalemia					▪ Hashimoto's thyroiditis				
▪ Hypo/Hypercalcemia					▪ Hypertriglyceridemia				
▪ Hypomagnesemia					▪ Hypoglycemia				
▪ Hypocele					▪ Hypothyroidism				
▪ Hypospadias					▪ Hypercholesterolemia				
▪ Incontinence					▪ Hyper/hypoparathyroidism				
▪ Kidney stones					▪ Neoplastic disease				
▪ Nephrotic syndrome					▪ Thyroiditis				
▪ Nephro/urolithiasis					▪ Thyroid Storm				
▪ Nephrectomy					▪ Thyroidectomy				
▪ Orchitis					<b>13. ONCOLOGY:</b>				
▪ Paraphimosis/phimosis					▪ Assessment of oncology patient including nutritional status				

## Competency/Skills Self-Appraisal: Physician Assistant

Please check the column that applies to your skill level:

3= Very Competent > 1yr Exp. 2=Some Help needed <1 yr. Exp. 1=Need Direction <6 months Exp. 0=Never Done

SKILLS	3	2	1	0	SKILLS	3	2	1	0
<b>13. ONCOLOGY CONTINUED:</b>					▪ Pneumocystis				
▪ Pain control					▪ Rabies				
▪ Interpretation of lab results – blood chemistry and blood counts					▪ Rocky Mountain Spotted Fever				
▪ Reverse Isolation procedures					▪ Roseola				
▪ Fluid and electrolyte imbalance/dehydration					▪ Rubella				
Care of patient with:					▪ Salmonellosis				
▪ Bone marrow transplant					▪ Shingles				
▪ Fresh oncologic surgery					▪ Staph infections				
▪ Inpatient chemotherapy					▪ Tetanus				
▪ Inpatient hospice					▪ Toxoplasmosis				
▪ Leukemia					▪ Varicella				
▪ Radiation implant					<b>15. EYE,EAR,NOSE, THROAT:</b>				
▪ Oncological Crisis					▪ Flourescein staining of eyes				
▪ Radiation Therapy (Inpatient)					Eye disorders				
▪ Post Tumor Resection					▪ Belparthritis				
<b>14. INFECTIOUS DISEASES:</b>					▪ Blowout fracture				
▪ Interpretation of lab results – blood count					▪ Cataracts				
▪ Fever management					▪ Chalazion				
▪ Isolation procedures					▪ Conjunctivitis				
Care of patient with:					▪ Corneal abrasion				
▪ AIDS					▪ Dacryoadenitis				
▪ Amebiasis					▪ Ectropion				
▪ Botulism					▪ Entropion				
▪ Candidiasis					▪ Foreign body				
▪ Cholera					▪ Glaucoma				
▪ Cryptococcosis					▪ Hordeolum				
▪ Cytomegalovirus infections					▪ Hyphema				
▪ Diphtheria					▪ Macular degeneration				
▪ Epstein-Barr virus					▪ Orbital cellulites				
▪ Erythema infection					▪ Retinal detachment				
▪ Hepatitis					▪ Retinal vascular occlusion				
▪ Herpes simplex					▪ Retinopathy				
▪ Histoplasmosis					▪ Diabetic				
▪ Hookworms					▪ Hypertensive				
▪ Human papillomavirus infections					▪ Strabismus				
▪ Infectious mononucleosis					Nose/sinus disorders				
▪ influenza					▪ Acute/chronic otitis media				
▪ Lyme Disease					▪ Allergic rhinitis				
▪ Malaria					▪ Common cold				
▪ Measles					▪ Epistaxis				
▪ MRSA					▪ Nasal polyps				
▪ Mumps					▪ Nose Bleeds				
▪ Mycobacterial disease					▪ Sinusitis				
Parasitic infections					Ear disorders				
▪ Ascariasis					▪ Acute/chronic otitis media				
▪ Pediculosis					▪ Ear Tubes				
▪ Pinworms					▪ Barotraumas				

## Competency/Skills Self-Appraisal: Physician Assistant

Please check the column that applies to your skill level:

3= Very Competent > 1yr Exp. 2=Some Help needed <1 yr. Exp. 1=Need Direction <6 months Exp. 0=Never Done

SKILLS	3	2	1	0	SKILLS	3	2	1	0
<b>15. EAR, EYE, NOSE, THROAT CONTINUED:</b>					▪ Metritis				
▪ Cerumen impaction					▪ Prolapse				
▪ Hearing impairment					Ovary				
▪ Meniere's Disease					▪ Cysts				
▪ Labyrinthitis					▪ Neoplasms				
▪ Otitis externa					Cervix				
▪ Tympanic membrane perforation					▪ Carcinoma				
▪ Vertigo					▪ Cervicitis				
Throat disorders					▪ Dysplasia				
▪ Aphthous ulcers					▪ Incompetent				
▪ Dental abscess					Vaginal/vulva				
▪ Epiglottitis					▪ Cystocele				
▪ Laryngitis					▪ Neoplasms				
▪ Oral herpes simplex					▪ Prolapse				
▪ Oral leukoplakia					▪ Vaginitis				
▪ Parotitis					Menstrual disorders				
▪ Peritonsillar abscess					▪ Amenorrhea				
▪ Pharyngitis					▪ Dysmenorrheal				
▪ Sialadenitis					▪ Premenstrual syndrome				
▪ Thrush					▪ Menopause				
▪ Tonsillectomy and adenoidectomy					Breast				
<b>16. COSMETIC/RECONSTRUCTIVE:</b>					▪ Abscess				
▪ Facelift					▪ Carcinoma				
▪ Rhinoplasty					▪ Fibrocystic disease				
▪ Other (please specify): _____					▪ Mastitis				
<b>17. PAIN MANAGEMENT:</b>					▪ Pelvic inflammatory disease				
▪ Assessment of pain level/tolerance					▪ Contraceptive methods				
▪ Care of patient with anesthesia/analgesia					▪ Infertility				
▪ IV Conscious sedation					▪ Uncomplicated pregnancy				
▪ Narcotic analgesia					▪ Prenatal diagnosis/care				
▪ PCA Pump – patient controlled analgesia					▪ Ectopic pregnancy				
<b>18. WOUND MANAGEMENT:</b>					▪ Fetal distress				
▪ Assessment of skin for impending breakdown					▪ Gestational diabetes				
▪ Stasis ulcers					▪ Gestational trophoblastic disease				
▪ Surgical wound healing					▪ Molar pregnancy				
▪ Use of air fluidized, low airloss beds					▪ Placenta previa				
▪ Sterile dressing changes					▪ Multiple gestation				
▪ Wound care/irrigation					▪ Postpartum hemorrhage				
▪ Pressure sores					▪ Pregnancy – hypertension				
▪ Staged decubitus ulcers					▪ Premature rupture of membranes				
▪ Surgical wounds with drains					▪ Rh incompatibility				
▪ Traumatic wounds					▪ Abortion				
<b>19. REPRODUCTIVE SYSTEM:</b>					▪ Abruptio placenta				
Uterus					▪ Pap smears – abnormal finding				
▪ Dysfunctional uterine bleeding					▪ Pap smears – performing				
▪ Endometrial cancer					▪ Guidelines for managing obstetric patient				
▪ Leiomyoma					▪ Nausea/vomiting during pregnancy				

## Competency/Skills Self-Appraisal: Physician Assistant

Please check the column that applies to your skill level:

SKILLS	3	2	1	0	SKILLS	3	2	1	0
<b>20. DISORDERS OF HEMATOLOGIC SYSTEM:</b>					▪ Bulimia				
▪ Iron deficiency					▪ Obesity				
▪ Anemia of chronic disease					Mood disorders				
▪ Pernicious anemia					▪ Adjustive				
▪ Aplastic anemia					▪ Depressive				
▪ Sickle cell anemia					▪ Dysrhythmic				
▪ Thalassemia					▪ Bipolar				
▪ Thrombocytopenia					Personality disorders				
▪ Lymphoma					▪ Antisocial				
▪ Factor VIII disorder					▪ Avoidant				
▪ Factor IX disorder					▪ Borderline				
▪ Factor XI disorder					▪ Histrionic				
<b>21. SKIN DISORDERS:</b>					▪ Narcissistic				
▪ Acne					▪ Obsessive-compulsive				
▪ Atopic dermatitis					▪ Paranoid				
▪ Diaper dermatitis					▪ Schizoid				
▪ Seborrheic dermatitis					▪ Schizotypal				
▪ Folliculitis					Psychosis				
▪ Furuncles (boils)					▪ Delusional				
▪ Herpes simplex					▪ Schizophrenia				
▪ Herpes zoster					▪ Somatoform				
▪ Impetigo					Substance abuse				
▪ Candidiasis					▪ Drug				
▪ Scabies					▪ Alcohol				
▪ Ringworm					▪ Tobacco				
▪ Athletes foot					Other				
▪ Hives					▪ Acute stress reaction				
▪ Warts					▪ Child abuse				
▪ Basal cell carcinoma					▪ Elder abuse				
▪ Malignant melanoma					▪ Spouse abuse				
▪ Suturing					▪ Uncomplicated bereavement				
▪ Spider bites					▪ Suicide attempt				
▪ Lice					<b>23. EMERGENCIES:</b>				
▪ Cellulitis					▪ Anaphylaxis				
▪ Lipomas					▪ Animal bites				
▪ Incision and drainage					▪ Snake bites				
▪ Excisions					▪ Burns				
<b>22. MENTAL HEALTH/PSYCHIATRIC DISORDERS:</b>					▪ Cardiac arrest				
Anxiety disorders					▪ Convulsions				
▪ Panic disorder					▪ Ingestions and poisonings				
▪ Generalized anxiety					▪ Shock				
▪ PTSD					▪ Small wounds				
▪ Phobias					<b>23. MEDICATION ADMINISTRATION:</b>				
▪ ADD					▪ Prescription				
▪ Autism					▪ Herbal				
Eating disorders					▪ Adverse reactions				
▪ Anorexia					▪ Side effects
